### Scoring at a glance

- Make your bid: 10 points per trick bid, plus 1 for each extra trick (a bag).
- Miss your bid: minus 10 points per trick bid.
- Bags add up across hands. Every 10 bags costs 100 points, and the count starts over.
- Nil: plus 100 if the nil bidder takes no tricks, minus 100 if they take any. Blind nil: 200 either way.
- Partners add their bids into one team bid. A failed nil bidder's tricks count as bags, not toward the partner's bid.
- First team to 500 wins. If both pass 500 on the same hand, the higher score wins. Common house rule: falling to minus 200 loses.
